**Subject:** re: alley closure Q7

Nov. 25, 2020

Mayor Bondy and members of council

I am unable to attend council meeting on Dec 8<sup>th</sup> regarding alley closure Q7. I am the current and original owner of 1695 Minto Ave. I understand that administration's decision to disallow the purchase of the alley behind the above property is based on survey and policy. The structure in question is a 2 piece farm style gate with a permanent center mounted post. As seen in the picture with the pylons, the pylons are placed 7 feet to the rear of my fence which would be the center of the alley. There are no permanent structures in this area.

In the second picture, the only permanent structure is the center post supporting both gates. This post is 10 feet to the rear of my fence, and therefore is not positioned in the section of alley that I would like to purchase.

I am asking council to reverse administration's decision and allow me to purchase my half of the alley based on the fact that there are not any permanent structures in this area.

I can be reached at [REDACTED] to answer any questions.

Jeff Timmins
