Understanding that the firehall #2 bylaw will be postponed, I would like to object to the method the town council took in attempt to pass this by-law. I moved approximately 1 block away from the proposed location at Laurier and Matchette 6 years ago.. Despite council members stating this has been a long standing plan, I have never heard of it. It was not in the LaSalle Master Plan. No public notice was made.

I would like council to address why the previous proposed location at Huron and Hazel had posted signage to advise the neighbourhood and allow them to create a delegation to object.

If I hadn't been home to speak with the resident involved, and I wasn't a member of the LaSalle Facebook community I would never have known of this proposed location.

I read and interpret legislation for a living. I have reviewed the Fire Master Plan from 2019. The by-location proposed at this meeting was one of several suggested sites. I would like council to speak to the selection of this location over the others, and why did it have not posted notice? And it is the town representative's obligation to bring these matters to the attention of the constituents, not have us search for a 200 page document, which doesn't open on mobile devices.
