As required under the *Accessibility for Ontarians with Disabilities Act (AODA)*, section 4(1) of Ontario Regulation 191/11, it is a requirement to establish, implement and document a multi-year accessibility plan which outlines the organization's strategy to prevent and remove barriers and meet its requirements under the regulation, post the plan on the website, provide the plan in an accessible format upon request and review and update the plan at least once every 5 years.
