

## The Corporation of the Town of LaSalle

<b>Date</b>	January 31, 2018	<b>Report No:</b>	PW-06-18
<b>Directed To:</b>	Mayor and Members of Council	<b>Attachments:</b>	
<b>Department:</b>	Public Works	<b>Policy References:</b>	
<b>Prepared By:</b>	Mark Beggs – Manager Roads and Parks and Jamie Mazzanti - Superintendent of Roads and Drainage		
<b>Subject:</b>	3 Axle Live Bottom Trailer Purchase 2018		

### RECOMMENDATION:

That Council approves the purchase of one (1) 2018 Trout River 3 Axle Live Bottom Trailer Model SC-39-S2 from Carrier Centers, Woodstock Ontario, Canada, (1) Shouldering Attachment, (1) Auto Greaser at a price of \$116,650.00 (+ HST).

### REPORT:

The Town of Lasalle Public Works Department uses our current 2003 Cobra Dump Trailer for hauling salt for Winter Operations, 3 Types of Stone for Roads, Drainage and Water/Waste Water maintenance and repair work. The current Trailer was purchased in 2002 is at the end of its useful life cycle. The purchase of a new Trailer will have the added benefits as it meets the new legislation for a steer axle and it is safer to operate, as it does not require raising the load to dump.

The new shouldering attachment will allow the Public Works Department to enhance roadside shouldering operations as it can carry more material and place it directly in the shoulder of the roadway. Currently shouldering is done with a Tandem Axle Truck with limited capability for placing material.

The 2018 budget includes \$151,000 for the purchase of a new Trailer. Invitations for Request for Quotes (RFQ) for a Three Axle Live Bottom Trailer were sent to specialized equipment suppliers in the area. A Request for Quote notice was also placed on the Town of LaSalle website for other interested parties. We received quotes from (1) suppliers as outlined below:

Supplier	Model	Price	Shouldering Attachment	Auto Greaser	12Month Warranty	Total (plus HST)
Carrier Centers	SC-39-S2	\$103,650.00	\$8,000.00	\$5,000.00	Included	\$116,650.00

*Notes on Pricing Schedule:*

Our recommendation is to purchase the 2018 Trout River SC-39-S2 Live Bottom Trailer, Shouldering Attachment and Auto Greaser as Quoted from Carrier Centers.

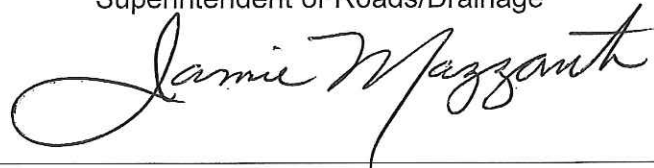

The Town has a longstanding relationship with Carrier Centers and we are confident that the pricing for this unit is in line with the current market for Live Bottom Trailers.

We have confirmed with Carrier Centers that they are prepared to proceed with the order as quoted. Carrier Centers has also provided an approximate delivery date of 30 days from receipt of our Purchase Order.

Respectfully Submitted,

Mark Beggs  
Manager of Roads and Parks

Jamie Mazzanti  
Superintendent of Roads/Drainage
