Subject: YCC of Canada Delegation Request

Good morning Natalie,

I am requesting, on behalf of The Youth Council Coalition of Canada (YCC), to appear before council on Monday, August 27 as a delegation.

As a not-for-profit, we will be seeking a support resolution from council to apply for additional funding through The Windsor-Essex Community Foundation Community Impact Grant that will be used to create, support and grow youth councils/committees across Essex-County.

We understand that it is an election year but firmly believe that engaged youth is an issue that should be important to all elected officials. So, though this initiative will be undertaken by the new council after funding is announced in November, we do not see reason in delaying our call to action.

Should you have any additional questions, please do not hesitate to call or e-mail.

Thank you so much and enjoy the rest of your day.

Talk soon,

--
