Minister of Transportation
House of Commons
Ottawa, Ontario

To Whom It May Concern:

RE: ALLOWING MUNICIPALITIES TO USE FLASHING TRAFFIC SIGNALS

At its meeting of September 11, 2018, the Council of the Town of Lakeshore duly passed resolution number 864-09-2018.

Councillor Janisse / Councillor Wilder:

Whereas the Ministry of Transportation advises that traffic lights guide drivers and pedestrians as to the safe traffic movements at intersections of roads. They guide road users when to stop, direct when and how to turn and when to drive with extra caution;

And Whereas the Ministry of Transportation allows traffic lights to have different timing schedules at different times of day and night; and having different timings allows a traffic signal to best serve the traffic demands at different times of day;

And Whereas the Ministry of Transportation should consider allowing municipalities to use flashing traffic signals during very low traffic volumes which typically occur in the early morning hours;

And Whereas a flashing red light indicates that a driver must come to a complete stop and move through the intersection only when it is safe;

And Whereas a flashing yellow light indicates that a driver should proceed with caution when approaching and moving through the intersection;

Now therefore be it resolved that the Town of Lakeshore requests the Ministry of Transportation to consider authorizing municipalities to implement flashing traffic lights when appropriate and based upon the time of day when traffic volumes are minimal.
