

The Corporation of the Town of LaSalle

To: Mayor and Members of Council

Prepared by: Jonathan Osborne, P.Eng. – Manager of Engineering

Department: Public Works

Date of Report: November 18, 2019

Report Number: PW-37-19

Subject: Contract Award – Crack Sealing

Recommendation

That the report of the Manager of Engineering dated November 18, 2019 (PW-37-2019) regarding LaSalle's Crack Sealing Program BE APPROVED and that the Town award the Crack Sealing contract to Nasci Construction Services Ltd for a price of \$94,580.50 (excluding HST).

Report

The crack sealing maintenance program was initiated in 2016 in an effort to improve the service life of our roads, and extend the need for resurfacing.

A bid opportunity was extended and on October 2, 2019, we received two bids for this contract (excluding hst):

Nasci Construction Services Ltd.	\$94,580.50
Shepley Road Maintenance Ltd.	\$202,065.50

Although there is a large discrepancy in the prices, we have confirmed with Nasci that they are prepared to fulfill all of the items in the contract to the required specifications.

Due to the timing of the tendering, there are allowances in the contract for the work to take place in 2020.

The following roads have been identified in this contract:

Laurier Parkway (Malden to Disputed), Reaume (Matchette to Malden), Bouffard (Front to Matchette), Casa Grande, Washington, Santa, Diotte, Ellis, International, Kingsley, Lisgar, Cameos, Monck, Kipling, Towle, Dunn, Mayfair

Consultations

NA

Financial Implications

The capital budget has allowed for \$100,000 for this item. Since work will not be performed this year, this amount will carry forward into 2020.
